_____

EXPERIENCE

ROCKET MORTGAGE | C#, AWS, Kubernetes, Playwright, K6
Senior Quality Engineer | March 2018 – Present, Detroit
- Built an AI-driven platform to automate critical engineering workflows, enabling self-service across teams and saving over 1,100 engineering hours.
- Developed testing framework with service virtualization and automated infrastructure management that accelerated feedback cycles by enabling continuous testing.
- Created a comprehensive playwright test suite for rocket mortgage servicing website with CI/CD integration that reduced regression and manual testing efforts by 60% per sprint.
- Standardized performance testing across engineering teams by delivering a K6 template for CI/CD pipelines; adopted by 30+ microservices and improved visibility into performance regressions.

BARNES & NOBLE| Java, Selenium
Test lead | Sep 2017 – Mar 2018, Manhattan
- Led 5-member team to automate and maintain 1200+ tests for BarnesAndNoble.com using selenium, reviewed daily runs and reported defects tied to feature updates.
- Supported root cause analysis by replicating production performance issues in lower environments and contributed to test estimation and planning for automation initiatives.

MEIJER| C#, Coded UI
Test lead | Jun 2016 – Sep 2017, GrandRapids, MI
- Led a team of 7 to build a regression automation framework using CODED UI, automating 280+ test cases and reducing testing time by 80% for a point-of-sale system.

TARGET| Selenium, HP UFT
QA Automation Lead & Tester | Jan 2015 – Jun 2016, Minneapolis, MI
- Involved in creating end-to-end regression tests using **HP UFT & Selenium**
- Led teams in offshore onsite model in delivering regression automation for multiple projects

TATA CONSULTANCY SERVICES| Selenium, HP UFT, Unix
QA Automation Tester | Oct 2011 – Dec 2015, Bengaluru, India
- Responsible for running ETL jobs and load test data into lower environments
- Responsible for executing functional and end-to-end manual test cases

_____

SKILLS

Languages & Development | C#, ASP.NET Core, Python, TypeScript, Java, Angular
Test Automation | Playwright, Postman,
Performance & Monitoring | k6, Dynatrace, Splunk
Cloud & Infrastructure | AWS, Docker, Kubernetes
CI/CD & DevOps | Circleci, GitHub actions

EDUCATION

2007 – 2011   Acharya Nagarjuna University
                     Bachelor of Technology in Electronics & Communications Engineering, India

CERTIFICATIONS

Certified Scrum Master, ISTQB, AWS Certified Cloud Practitioner
